IRIS Entries

Alliance SEND TO ■

The Alliance is the current governing body for the conglomeration of star systems in and around the Sol system.

Formation
It was formed at the end of the 'Solar Wars', combining the United Stellar Forces and Colonial Federation into a single governing body known as the Alliance. The new government was formally ratified on January 1st, 2293.

Structure
The Alliance governmental structure is comprised of three core branches, not unlike the US Government found on Earth: Executive, Legislative and Judicial.

Using IRIS you can bring up information about topics important to the mission at hand, or otherwise adding to the world building. You can send the topic to another station allowing that officer to read more information as needed and can be dismissed using the red square.

More information about adding to IRIS can be found under [Pediais](#)
