

Conditions

Conditions logical IF checks used to determine if [Event](#) Actions or [Encounter](#) Object Spawns should be triggered. These are used at both the [Module](#) and [Mission](#) level.

If using conditions as part of Events, see also: [Actions](#).

Individual condition detail pages coming soon!

| Name | Description |
|---------------------------|---|
| Device: Property | Checks a property on an external device. |
| Device: State | Checks a state on an external device. |
