

# Waypoints

Waypoints are named points in space that the Flight console can target and jump to.

| Name        | Description   |
|-------------|---|
| Name        | The name of the waypoint that appears in the Flight Screen's waypoint menu.   |
| Description | The description of the waypoint that appears below the waypoint name in the Flight Screen's waypoint menu.          |
| Type        | Does the waypoint refer to a System or Planet? <i>Note: Currently the "Add Waypoint" Action only allows Planet.</i> |
| Target      | The planet or system that the waypoint is referencing.  |
